## Welcome to Colorado State University!

It's going to be a great year for Colorado State University—and as a Rams fan, I'm fully convinced Ram athletics is on a very strong trajectory to success.

A healthy, competitive athletics programs is driven by student athletes who embody the high personal standards, strong character, and commitment to excellence that are characteristic of a great University. At CSU, we expect that our athletes have a commitment to teamwork and success that's fully matched by their commitment to individual achievement in the classroom and to serving as a positive role model on campus and in the community. And every year, our Ram athletes meet and exceed this expectation.

Their success is important for our entire campus community. We all work hard and take life seriously--when the Rams score, it gives us a reason to celebrate and show off our unabashed pride in all things green and gold. The success of our sports teams also helps draw attention to the University as a whole and, because we run a clean and well-grounded program, it spotlights the importance we place on key civic values like responsibility, integrity, and fair play.

While we have high standards for our student-athletes in the classroom and on the field, we also believe it is the University's responsibility to provide them—and all our students--with the tools they need to compete and succeed at the highest levels. That is why we've been investing in upgraded classroom buildings and residence halls these last few years, and why we've also completed a new practice facility and state-of-the-art Academic and Training Center, which offers student athletes quality weight-training facilities paired with study environments, computer labs, and academic support needed to help them balance the demands of coursework and competition.

Like our fans, we have high expectations for our athletics programs, and we're confident in the leadership of our coaches and Athletic Director Paul Kowalczyk, who work to keep our programs competitive, transparent, and high-quality. Colorado State is extremely fortunate to have an intensely loyal fan base, and success on the court or on the field is a great reward to our supporters. But our greatest reward is the success that we all share when the young men and women in the Rams jerseys graduate and go on to achieve great things in their lives after CSU.

On behalf of Colorado State's students, faculty, staff, and alumni, I thank you for your continued support of Ram athletics.

Go Rams!

Dr. Anthony A. Frank  
President

The Board of Governors of the Colorado State University System represents the people of Colorado, assuring effective management, accountability, and responsible leadership of all the CSU System campuses – Fort Collins, Pueblo and the new online Global Campus.

Board members come from across the state and from many fields — business, public service, agriculture — and share a strong commitment to excellence, innovation, and student success.

The Board of Governors sets a standard of excellence for all the campuses that carry the Colorado State

name, through the establishment of a bold vision, mission, and values coupled with ambitious stretch goals for each campus, and strongly supports Colorado State athletics programs as a source of pride for students, alumni, and the State of Colorado.

The Board of Governors and the CSU System work to further the roles of its three universities to be integral contributors to the economic development of the state. Work force education, research funding and new business and product development are some of the areas where the institutions are excelling.

**A**s one of the nation's leading research universities, Colorado State provides an excellent, accessible education, conducts research that transforms our world, and leads outreach programs that support economic vitality and improve the quality of life for people worldwide.

As Colorado's land-grant university, Colorado State was founded in 1870 to fulfill the vision of President Abraham Lincoln and others – to create access and opportunity for people in Colorado and around the world who can benefit from hands-on, engaged learning. With more than 150 programs of study and 78 undergraduate degree programs in eight colleges – and a faculty-to-student ratio of 16.5:1 – students have access to a wealth of educational possibilities. Colorado State leads the world in disciplines such as human and animal health, clean energy and the environment, global and sustainable business, engineering, and climate research. Along with outstanding programs in the liberal and performing arts, humanities and social sciences, Colorado State offers some of the top professional programs in the country in

construction management, occupational therapy, psychology, communications, and agriculture—and is home to the top-ranked public business school in the state.

Challenging academic programs and world-changing research are hallmarks of Colorado State, and it is our special commitment to service, outreach, and transforming our world through innovation that sets this university apart. Even more important, CSU's character is reflected in the quality of our students and graduates, who embody the university's mission of service and go on to make a significant impact on our world when they graduate.

We invite you to learn more about Colorado State, a university with vision, character, and a commitment to excellence.

**C**olorado State University takes very seriously its role in educating student-athletes. Excellence is expected on the field and in the classroom.

The most recent NCAA academic statistics reveal that Colorado State leads the Mountain West Conference in graduation rate for student-athletes at 66 percent – well ahead of the conference's overall student-athlete graduation rate of 57 percent. In football, Colorado State is second in the MWC, graduating 68 percent of its student-athletes – again, well ahead of the conference average of 49 percent.

Colorado State, however, is not resting on its reputation for graduating its student-athletes. The state-of-the-art Anderson Academic Center, which greatly enhances the

academic facilities available for student-athletes, opened in August 2009.

While the athletic department takes its role in the educational process very seriously, Colorado State's mission to provide a world-class education is at the core of academic success. U.S. News and World Report ranked Colorado State in its top tier in its annual "America's Best Colleges" report. The university offers 79 majors and 27 minors, and many of its programs are ranked among the best in the country.

Colorado State continues to push forward in its mission to provide the best possible education. Construction recently was completed on the state-of-the-art University Center for the Arts and Computer Science buildings, along with the indoor practice facility, academic and training center, and the Rockwell Hall expansion at the College of Business.

- CSU's Veterinary Medicine program ranks second in the country and is the national leader in federal research dollars.
- *BusinessWeek* ranked CSU's undergraduate College of Business program 67th (up from 73rd in 2008). The program ranks 30th among all public schools and 14th among all colleges and universities in the West and Southwest. The marketing and business law programs were ranked in the nation's Top 10 by the magazine.
- In December 2008, CSU conferred its 150,000th bachelor's degree and 200,000th overall degree.
- According to NCAA statistics, CSU's graduation rate for student-athletes is higher than the graduation rate for the overall student body.

## Fort Collins Facts

- No. 1 place to live in the United States (*Money* magazine, August 2006).
- No. 1 Best Place to Live and Work for Young Professionals (pop. 100,000-200,000), Next Generation Consulting, March 2009.
- No. 2 in *Forbes* magazine's best United States cities for business and careers (March 2009); Denver ranked 14th and Boulder was 20th among five Colorado locations in the publication's top 40.
- One of the Top 20 Places to Thrive (Best Boomer Towns, February 2009).
- Ranked 10th-best educated city in America (*Forbes* magazine, November 2008).
- One of the Best Places to Raise Your Kids (*BusinessWeek*, November 2008).
- Gold level Bicycle Friendly Community (League of American Bicyclists, September 2008).

One of Colorado's most vibrant cities, Fort Collins is the best place in the country to live, work and play. Located on the northern Front Range of the majestic Rocky Mountains, the city is within an hour's drive of Denver, the nation's 25th-largest metro area.

This city of 137,200 residents basks in 300 days of sunshine per year — more than San Diego and Florida — and includes the historic Old Town district with its restaurants, shops, and entertainment, all within walking distance of Colorado State University's campus.

Since its founding as a military fort in 1864, Fort Collins has anchored northern Colorado's rich heritage of academic, business and recreational pursuits. Hiking, mountain biking, kayaking, river rafting and rock climbing are just a few popular outdoor pursuits for students and residents.

The city maintains more than 600 acres of parks, 5,000 acres of natural areas, 20 miles of off-street trails for hiking and biking, and three golf courses. The Lincoln Center and the University Center for the Arts, anchored in Fort Collins, are northern Colorado's cultural arts centers.

The Denver Metro Area, with a population of 2.4 million, is less than an hour's drive from Fort Collins. A major-league metropolis, named by the *Sporting News* the best sports city in the United States, Denver is home to three teams that have competed for their respective world championships in the past 12 years — the Super Bowl XXXII and XXXIII champion Denver Broncos, the 1996 and 2001 Stanley Cup champion Colorado Avalanche, and the 2007 National League champion Colorado Rockies, who lost the World Series that season to the Boston Red Sox. The Denver Nuggets, meanwhile, have made the playoffs in seven consecutive seasons, including a trip to the 2009 Western Conference finals against the eventual champion Los Angeles Lakers.

Sports fans in Colorado are among the most passionate in the nation, and for good reason — their teams are winners.

Denver has all the features of any big city, including great shopping and nightlife on the 16th Street Mall (Denver Pavilions, below left), a one-of-a-kind concert venue in Red Rocks Amphitheatre (below, second from right), an adrenaline-inducing amusement park in Elitch Gardens, and the world's 10th-busiest airport, Denver International. Nicknamed the Mile High City because it is one mile above sea level, downtown Denver is home to the Colorado state capitol building, the 13th step of which is exactly one mile in elevation.

## Rams in the community

One of the greatest performances by Colorado State University student-athletes takes place not on the field or in the arena, but in the community. Nearly all Rams are involved in the school's community outreach program, now in its 13th year.

During the 2009-10 year, Colorado State University student-athletes donated more than 1,000 hours of their time for community service.

## Habitat for Humanity

This year, the Rams worked on Habitat for Humanity's very first LEED Certified home. LEED is an internationally recognized green-building certification system developed by the U.S. Green Building Council.

They also implemented *HabitatPro*, a comprehensive LEED project experience program designed to help Northern Colorado professionals gain experience on the Habitat LEED registered construction site.

**Cost:** \$7 million  
**Size:** 16,000 square feet,  
**Location:** Southeast of the McGraw Athletic Center

## Features:

- Training portion includes a state-of-the-art weight room, strength and conditioning offices, a nutrition center and restrooms.
- Academic center features five private tutorial rooms and large study areas
- Includes a computer lab with 30 workstations, more workspace and offices for CSU's academic staff.

In 1998, Colorado State enhanced its weight room and built an academic center as part of the McGraw Athletic Center project, but these facilities no longer meet the needs of its expanded student-athlete base, nor do they allow the Rams to compete for top-quality recruits.

Because of the heavy time constraints placed on CSU student-athletes through practice, travel, strength and conditioning, and community service, a quality learning environment is essential for the university's student-athletes to achieve the high standards of academic success expected of them.

The Academic and Training Center is the latest centerpiece for CSU's athletic program and support its mission to recruit, educate, develop, and graduate Rams student-athletes within an environment that prusues excellence, values integrity and ethical conduct, promotes respect for all individuals, teaches sportsmanship, entertains our constituents and emphasizes championship performance.

The McGraw Athletic Center (right), which was built in 1998 and houses the CSU athletic department, is now accompanied by a pair of new, state-of-the-art facilities: the Academic & Training Center (top) and the Indoor Practice Facility (opposite). Both facilities were shown off at the grand opening celebration on Sept. 18, 2009.

Every CSU program benefits from the Rams' new facilities. The Indoor Practice Facility will be used by all of the Rams' sports teams, whether they are in season or involved in offseason conditioning.

**Cost:** \$13 million  
**Size:** 66,267 square feet, including 48,125 dedicated to the football portion and 8,827 to the basketball and volleyball areas  
**Height:** 65 feet at its tallest point

## Kristen Holt

Head Coach | Third Season | Ohio, '93

Head Coach Kristen Holt begins her third year at the reins of the Rams. Holt, who became the 11th head coach in the history of the Rams women's basketball program, has been hard at work guiding CSU as it transitions back to a program of excellence in the Mountain West Conference and nationally.

Last season, Holt continued to build a program of excellence in her second season with the Rams. The team improved in the win column with three additional wins, a total of nine victories since she took over the helm as head coach. Marquee wins included handing Colorado its first loss, a win over New Mexico (the first since 2004) and a dramatic overtime win on the road at UNLV. CSU finished with a home record of 9-5 last season, its best home record since 2004-05, including a six-game win streak during non-conference play.

While Holt, 41, is a 16-year coaching veteran at the NCAA Division I level, she has brought a unique perspective to the Rams evolution. She believes in the importance of excellence on the court, in the classroom and in the community. The team has a strong presence in the community with its involvement with Habitat for Humanity and other organizations. The team helped on its first LEED Certified home, and also implemented HabitatPro, a comprehensive LEED project experience program designed to help Northern Colorado professionals gain experience on the Habitat LEED registered construction site.

Following the 2000-01 season, her sixth season as an assistant coach at Radford University in Radford, Va., Holt was named interim head women's basketball coach of the Highlanders' program. Taking over the reins of a team selected in

the preseason to finish last in the Big South, Holt guided Radford to an overall 11-16 mark, the school's best mark in four years. More impressive, however, was the Highlanders' third-place finish (8-6) in Big South Conference play, a performance that earned Holt recognition as the Big South Coach of the Year. While at Radford, her team won the 1996 Big South Conference tournament championship and participated in the 1996 NCAA tournament, before losing to eventual champion Tennessee in Knoxville.

Holt also played an integral role in the development of three all-Big South Conference guards at Radford - Lorrie Mitchell, a first-team performer in 1998 and 1999, Catrice Horton, a first-team performer in 2000 and 2001, and Kim Hairston, a second-team honoree in 1997.

Holt originally joined the Rams staff in 2007 as an assistant coach after four seasons at Wichita State University. While at Wichita State, she played a vital role in the development of the Shocker guards. She also was an asset off the court helping to coordinate "Jane's Gems" Kids Club and the women's basketball booster club, High Hoops.

A native of Lima, Ohio, Holt graduated in 1993 from Ohio University in Athens, Ohio, with both a master's degree ('93) and bachelor's degree ('92) in physical education. She was a four-year letterwinner for the Bobcats, and was named to the 1988 Mid-American Conference all-freshman team. She also served as OU's team captain from 1990-92.

She starred as a three-sport athlete at Lima (Ohio) Bath High School, and as a senior was named first-team all-state in both basketball and softball. During her time on the court for Lima Bath, Holt led the team to its first state championship and she was named MVP of the state tournament, pouring in 29 points in the championship game.

## Paul Kowalczyk

Director of Athletics | Fifth Season at CSU | Kent State, '80, '86

Director of Athletics Paul Kowalczyk has placed Colorado State's program on an ambitious path toward national prominence with his insightful and visionary leadership.

Kowalczyk is in his fifth year leading CSU's program, demonstrating an unmistakable commitment to the university after signing in 2010 a five-year contract extension, through 2015. From the moment he arrived on campus in 2006, he has shown a leadership style that is steady and consistent with ambitious goals clearly established. Under his watchful eye, a foundation has been built to cultivate long-term success throughout the program. With the foundation firmly in place, Colorado State's program stands on the threshold of taking a bold step forward nationally to reach "stretch goals" established by the Board of Governors when Kowalczyk arrived.

Perhaps nothing better illustrates the progress toward prominence that CSU's program has made during Kowalczyk's tenure than the changing skyline surrounding Moby Arena and the McGraw Athletic Center, both of which serve as centerpieces of

the athletics department.

During the summer of 2009, CSU opened two state-of-the-art athletics facilities that are visually prominent to any avid Rams fan upon arriving on campus.

A training facility includes an indoor football practice field plus basketball and volleyball practice courts, adjacent to Moby Arena. Also, a new academic and strength and conditioning center is next to the McGraw Athletic Center.

Over the last year-plus, Kowalczyk also has stewarded significant upgrades to Sonny Lubick Field at Hughes Stadium, including a \$2.5 million landscaping initiative following the 2010 season that will make the venue's grounds at the base of the Rocky Mountain foothills even more attractive. Additionally in the last two years, Kowalczyk oversaw improvements to several CSU team locker rooms, and this fall, has spearheaded a \$1 million project that will furnish Moby Arena with new state-of-the-art video boards.

The two new facilities, along with upgrades to CSU's stadium, arena and McGraw Athletic Center offices, make CSU's resources among the finest in the nation. Those additions and improvements also have made CSU competitive nationally while enhancing the institution's image across a broad spectrum. The facilities represent one of Kowalczyk's primary goals when he was appointed to his position at CSU. Almost immediately upon his arrival, he worked closely with campus leaders to develop the facilities initiative.

"These buildings show that Colorado State is unmistakably serious about achieving its stretch goals," Kowalczyk said. "Combined with the recent renovations at our football stadium, this puts us where we need to be in terms of offering quality, state-of-the-art facilities for our coaches and student-athletes, those who are here now and those who are thinking about coming here."

## Athletic Department Mission Statement

The purpose of the Colorado State University Department of Athletics is to recruit, educate, develop and graduate student-athletes within an environment that pursues excellence, values integrity and ethical conduct, promotes respect for all individuals, teaches sportsmanship, entertains our constituents and emphasizes championship performance.

The facilities, along with recent contracts he negotiated with Russell Athletic (apparel and uniforms), Under Armour (footwear), and a deal with the University of Colorado to keep the Rocky Mountain Showdown at Invesco Field for the long-term future, also reflect Kowalczyk's commitment to excellence throughout the program.

"Average is simply not good enough," he said. "We must continually find ways to improve every aspect of our program while meeting the needs of our student-athletes and providing resources for our coaches -- not just to compete, but to win, and do it while serving the university, the community and the region."

Soon after Kowalczyk's arrival in Fort Collins, he worked closely with the Board of Governors of the Colorado State University System and the university leadership to set in place a set of "stretch goals." "The support of the board and campus administration, which was there every step of the way, was critical," Kowalczyk said. "We have leadership on this campus that not only recognizes the importance of investing in athletics, but also what a successful athletics department can do for the university."

Colorado State's stretch goals include:

- Achieve a No. 1 ranking in the Director's Cup, a ranking system that reflects overall program success;
- Annual Bowl Championship Series inclusion;
- NCAA men's and women's basketball tournament participation.

While the entire program under Kowalczyk's guidance has moved forward with the completion of the facilities, he readily admits there are more challenges that lie ahead.

"We will never stand still. We will continue to move forward. As a program, we will strive for excellence in every area, just

as we challenge our student-athletes in competition and in the classroom.

"Our efforts will always include continually and diligently working to expand our ticket and Ram Club donor base as a means to generate additional revenue and scholarship fund support."

Colorado State's expected emergence nationally has provided followers of the program optimism and excitement.

Kowalczyk brought a wealth of experience and knowledge to Fort Collins when he was named the school's 16th Director of Athletics on April 11, 2006, after having served for six successful years in the same capacity at Southern Illinois University.

In the spring of 2008, he was named to the prestigious NCAA Division I Leadership Council, an advisory body to the Division I Board of Directors. The council identifies issues important to the future of Division I and offers its expertise in defining appropriate action items. Reappointed in June 2010, his current term expires in 2014.

Kowalczyk also remains involved in NCAA, NACDA and MWC activities.

During his tenure at SIU, he led the Salukis' emergence into a successful, nationally renowned athletics program, including 15 conference championships in seven sport programs.

Before his tenures at CSU and SIU, he was senior administrator at Northwestern University during a time in which the Wildcats program enjoyed national success. He also served as assistant athletics director for business operations at Kansas State, business manager for athletics at Portland State, and assistant to the associate athletics director at Kent State.

Kowalczyk holds a master's degree in sports administration and a bachelor's of business administration in accounting from Kent State University.

A native of Warren Ohio, Kowalczyk was inducted into the Warren High School Distinguished Hall of Fame. The award recognizes and honors individuals for their achievements and performance. In 2004, he received the National Football Foundation's Gen. Robert R. Neyland Outstanding A.D. Award, and in 2006 was named the Athletic Director of the Year for the Division I-AA Central Division. Kowalczyk in 2010 concluded a four-year term on the NACDA Executive Council, representing District 7.

He is married to Peg Lynch Kowalczyk.

## 2010-11 Outlook

60	2010-11 Season Preview
61-66	Opponent Information
67	All-Time Series Records
68	Series Results vs. 2010-11 Opponents

Head Coach Kristen Holt and the Colorado State women's basketball program look to improve in the Mountain West Conference and earn a postseason berth in 2010-11. Returning eight letterwinners and four starters, the Rams are en route to building a program of excellence.

Holt and the Rams finished 13-17 in 2009-10, improving numbers in the win column by three from 2008-09, and nine since Holt took over the helm a season earlier.

Senior Sara Hemmings, a leader on and off the court, will be the Rams' captain in her last season. Bonnie Barbee, a three-point threat, and Zoi Simmons, a steady point guard, enter their senior seasons as the most experienced players at CSU.

Junior Kim Mestdagh, returns as the leading point-scorer in the Mountain West. A second-team selection, she received the team's first all-conference honor since Melissa Dennet in 2004-05. Mestdagh ended the 2009-10 campaign ranked in the top 10 in five statistical categories in conference play, including a sixth-place ranking in steals with 63.

Also returning to the Colorado State lineup this season are junior forwards Chatilla van Grinsven and Meghan Heimstra, both of whom will be counted on

for rebounds and low-post scoring. van Grinsven, tabbed as the most-improved player in two years, started 12 of 14 conference games last season, after starting only one before MWC play. She finished the season ranked in the top 15 in the Mountain West in free throw percentage connecting 91 times on 130 attempts (70 percent). She was a statistics filler for the Rams, ranking second on the team in four categories. Heimstra, the leading rebounder last season for Colorado State, will be counted on for a continued defensive presence.

Junior transfer Kelly Hartig brings a wealth of experience from Virginia, as her team advanced to the NCAA tournament second round in 2008-09. A Colorado native from Highlands Ranch, the forward earned Most Improved Player for the Cavaliers her

sophomore year. After sitting out due to NCAA transfer rules, Hartig will be eligible to play beginning Dec. 20 vs. South Dakota.

The sophomore class features fast-paced players Chantel Kennedy and Meixandra Porter. Kennedy, a defensive threat for the Rams, finished her first season ranked in the top 10 among freshmen at Colorado State in both offensive rebounds and steals. Porter, who missed 15 games last season due to injury, is a point guard that has the ability to shoot from the outside.

Colorado State adds four freshmen to the team in 2010-11. The CSU opener vs. Colorado Christian on Nov. 5 will feature Hayley Thompson (Mullen High School), Sam Martin (Chaparral High School), and also twin sisters from Peaster, Texas, Amber and Mandy Makeever (Peaster High School).

Thompson, a 6-1 wing and forward, is a strong defensive player, and a good perimeter shooter. Martin, a 6-2 forward, sat out her senior season due to injury, but averaged 18 points per game her junior year. She will be counted on to score from the low post and help with the rebounding effort. Amber Makeever, a 5-11 guard, is a strong three-point shooter and will play the wing while Mandy Makeever, a 5-10 guard, is a good all-around player and will play the point guard and wing positions.

Kim Mestdagh

The Colorado State women's basketball team has experienced consistent progress under the direction of Head Coach Kristen Holt. During the 2009-10 season, the Rams posted an overall record of 13-17, 5-11 in conference play. The Rams improved by four wins over their regular-season record from 2008-09, and captured five conference victories, their most since the 2004-05 team posted a record of 6-8 in MWC action. Prior to the 2009-10 season, CSU hadn't won 13 games in one season since the 2004-05 campaign, when it was 15-13.

Colorado State made some new additions to the team, including hiring assistant coach Taylor Steven and adding Chantel Kennedy, Meixandra Porter, Erin Cooke, and Sarah Hemmings to the roster. Steven joined the coaching staff after playing for Holt at Wichita State.

Returning juniors Bonnie Barbee and Zoi Simmons helped lead the team from the guard positions. Barbee sunk 49 three-point baskets, and dished out 46 assists. Simmons recorded 67 assists and 20 steals.

Sophomore Kim Mestdagh had an outstanding season, leading the team in scoring with 489 points, 267 of which came from beyond the arc. She also led the team in steals, compiling 63 on the season. Meghan Heimstra dominated under the basket, pulling down 236 rebounds. She also racked up 41 blocks, more than all but one sophomore in CSU history. Chatilla van Grinsven played in all 30 games for the Rams and finished the season with 360 points, second highest on the team. Natalie van den Adel played in 28 contests after suffering an ankle sprain late in the season. She averaged 23 minutes and 7.0 points per game.

The Rams played with a short bench the entire season, but freshmen Chantel Kennedy and Meixandra Porter earned some valuable playing time. Kennedy, who appeared in all 30 contests, tallied 99 rebounds, 47 offensive rebounds and 41 steals on the season. Porter debuted in 15 contests for the Rams after suffering a wrist injury early in the season. She made 100 percent of her free throws, sinking all seven. Erin Cooke played in 16 contests for the Rams, and Hemmings played in 17 games.

The Rams signed an additional five players to extend the bench for the 2010-11 season. With this depth and the experience gained from 2009-10, the Rams are certain to achieve more improvement.

## Zak Gilbert

**Director of Media Relations**

Office: 970/491-5067

Home: 970/232-9972

E-mail: Zak.Gilbert@colostate.edu

Contact For: Football, Tennis, Water Polo, Swimming and Diving

Zak Gilbert enters his fourth season in Colorado State's athletic department. He officially joined the university on July 2, 2007.

The media relations staff, including two assistant directors and 15 student assistants, is responsible for the publicity of all 16 intercollegiate sports, including press releases, game notes, media guides and national honors campaigns. The office also manages content and maintenance of the department's official Web site (CSURams.com), press credentials, press conferences, and press-box and press-row operations, while serving as a liaison between the local and national media and the athletic department.

Gilbert, 34, is only the second person to direct CSU's media relations over the last three decades. In a 2007 restructuring of the office, he replaced senior associate athletic director Gary Ozzello, who gave up day-to-day media relations responsibilities in order to focus on all of CSU's external relations efforts, including media relations. In addition to the overall staff operation, Gilbert works directly with the Rams' football, swimming and diving, women's tennis and water polo teams.

Gilbert returned to Fort Collins, his hometown, after six years in the Green Bay Packers public relations department, where among an assortment of duties he served as chief publicist for Brett Favre, the NFL's all-time leader in wins and nearly every career passing category.

Prior to his time in Tittletown, Gilbert worked nearly four seasons (1998-2001) in the Colorado Rockies communications department. He also interned in the Super Bowl XXXII champion Denver Broncos PR department (1997) and wrote for the Boulder Daily Camera and Associated Press. And, during college, he worked every semester in the University of Colorado's athletic media relations office, where he served as chief undergraduate assistant for football during a four-year period that saw the Buffaloes win a Heisman Trophy, Butkus Award and Thorpe Award.

He earned a bachelor's degree in news-editorial journalism from the University of Colorado in December of 1997.

Born in Aurora, Colo., Gilbert graduated in 1994 from Fort Collins High School, where he lettered in football, served as the sports editor for his school paper, and delivered a commencement speech at Moby Arena.

He and his wife, Jennifer, reside in Fort Collins with their three children, Ashlynn, Braden and Caitlynn, a toddler the couple adopted in 2006. His younger sister, Lara, recently earned a degree in apparel and merchandising from Colorado State.

Office: 970/491-5050

Cell: 970/217-3140

Danny Mattie begins his fifth season as assistant director of media relations, his ninth overall in the Colorado State athletic department. He began work as a full-time employee on Aug. 26, 2006.

Mattie, 26, serves as the primary publicist for CSU's volleyball, men's basketball and softball programs, while offering statistical support at all Rams' home football games.

Before earning his promotion to assistant director, Mattie served as an undergraduate student assistant all four years during college at Colorado State. During his senior year, he served as the top contact for women's basketball, traveling with the team.

A native of Trinidad, Colo., Mattie worked as a media relations intern for USA Basketball in Colorado Springs, Colo., during the summer of 2005. Mattie also worked as the official statistician for the annual USA Basketball Youth Development Festival from 2003 to 2007.

Mattie graduated from Colorado State in 2006 with a bachelor's degree in technical journalism. He is single and lives in Fort Collins.

In the spring of 2008, she also handled all of the in-game promotions for CSU softball. In April of 2008, Marshall was hired as a web content coordinator in the department of Web communications, a role in which she handled all maintenance and content for CSURAMS.com, the official site of CSU athletics.

## This is the Mountain West

From its inception in 1999, the Mountain West Conference has been committed to excellence in intercollegiate athletics, while promoting the academic missions of its member institutions. Progressive in its approach, the MWC continues to cultivate opportunities for student-athletes to compete at the highest level, while fostering academic achievement and sportsmanship. Now in its 12th year, the MWC has been assertive in its involvement with the NCAA governance structure and has taken a leadership role in the overall administration of intercollegiate athletics.

The Mountain West Conference has marked several achievements over its first 11 years of existence, most notably becoming the first to establish a sports television network dedicated solely to an intercollegiate athletic conference (The Mtn.). The Mountain West also was the first to experiment with the coaches challenge in the college football instant replay system, and was the first non-automatic-qualifying BCS conference to participate in and win two BCS bowl games. Additionally, the Mountain West was the first conference to have a member institution with No. 1 overall picks in both the NFL and NBA drafts in the same year (Utah's Alex Smith and Andrew Bogut, respectively in 2005). With San Diego State's Stephen Strasburg claiming the No. 1 pick in the 2009 MLB Draft, the Mountain West is one of two conferences to have the No. 1 selection in each of the NFL, NBA and MLB drafts since the MWC was founded in 1999. The Mountain West also ranks second in No. 1 draft picks in the NFL, NBA and MLB over the last six years with three overall.

The Mountain West Conference is noted for its geographic diversity. Some of the most beautiful terrain and landscapes in the nation can be found within Mountain West Conference boundaries, including the majestic Rocky Mountain range, which borders four MWC schools (Air Force, BYU, Colorado State and Utah). The high plains of Wyoming (elevation 7,220 feet – the highest Division I campus in the nation) contrast with the desert city of Las Vegas (the fastest growing metropolitan area in the West) and the Pacific Ocean locale of San Diego State. The southwestern flavor of New Mexico complements the western heritage and culture of Fort Worth, Texas, home of the MWC's most recent member, TCU.

## History

The Mountain West Conference was conceived on May 26, 1998, when the presidents of eight institutions — Air Force, BYU, Colorado State, New Mexico, San Diego State, UNLV, Utah and Wyoming — decided to form a new NCAA Division I-A intercollegiate athletic conference. The split from the former 16-team conference re-established continuity and stability among the membership within the new league and signaled the continuation of its tradition-rich, long-standing athletic rivalries. Five of the MWC's eight original members have been conference rivals since the 1960s (BYU, Utah, New Mexico, Wyoming, Colorado State), while San Diego State (1978) and Air Force (1980) were longtime members as well. UNLV and TCU entered the fold in 1996 and the Rebels continued as one of the original eight institutions that formed the MWC in 1999. TCU rejoined the group with its first year of competition in the Mountain West in 2005-06. On June 17, 2010, Commissioner Craig Thompson announced the addition of Boise State University to the Mountain West Conference, effective July 1, 2011.

When the MWC officially began operations on July 1, 1999, the new league had in place a seven-year contract with ESPN, giving the broadcaster exclusive national television rights to MWC football and men's basketball, and three-year agreements to send the league's football champion to the Liberty Bowl and a second team to the Las Vegas Bowl. Commissioner Craig Thompson also arranged a third bowl tie-in each of the first three years (1999 Motor City, 2000 Silicon Valley, 2001 New Orleans) before securing a four-year deal with the Emerald Bowl in San Francisco in 2002. Entering the 2011 season, the MWC has five contracted bowl affiliations — the MAACO Bowl Las Vegas, San Diego Country Credit Union Poinsettia Bowl, AdvoCare V100 Independence Bowl, Bell Helicopter Armed Forces Bowl and New Mexico Bowl.

## Exposure

The Mountain West Conference continues to receive unprecedented national television exposure through a combination of telecasts on The Mtn., CBS College Sports Network (formerly CSTV) and VERSUS. In 2009-10, 46 football, 94 men's basketball and 34 women's basketball Conference-controlled contests were broadcast nationally.

On Aug. 26, 2004, CBS College Sports Network (formerly CSTV) and the Mountain West Conference announced a visionary partnership that revolutionized the college sports landscape. The landmark agreement was the first NCAA Division I football and men's basketball conference-wide deal for CSTV and provided the network exclusive rights to all Conference events, including cable and satellite television coverage, national over-the-air and satellite radio, video-on-demand and online broadcast rights.

In the summer of 2006, the centerpiece of this historic relationship was realized with the launch of The Mtn. — MountainWest Sports Network — the first sports network dedicated to serving a single collegiate athletic conference. Nearly 25,000 hours of MWC programming have aired on The Mtn. since the network's launch on Sept. 1, 2006, and over 260 MWC events are shown live annually through a combination of telecasts on The Mtn., CBS College Sports Network and VERSUS. CBS College Sports Network is currently in 38 million homes, and available in 89 million nationwide. VERSUS is in 79 million households across the U.S.

## Opportunity

The MWC provides a first-class athletic and academic experience for more than 7,000 student-athletes each year. Over the past 11 years, 34 Mountain West student-athletes have earned NCAA Postgraduate Scholarships, and since the league's inception in 1999, an additional 22 student-athletes have been named MWC Scholar-Athlete of the Year and awarded league-sponsored postgraduate scholarships. Three student-athletes have earned distinction as Rhodes Scholars (Jessica Mellinger, Wyoming and Delavane Diaz and Brittany Morreale, Air Force).

Conference student-athletes are also given a voice regarding per-

tinent issues within the MWC and NCAA governance structure through representation on the Student-Athlete Advisory Committee (SAAC). The Mountain West Conference SAAC consists of 19 representatives; two student-athletes from each member institution and one faculty athletics representative. The committee reviews and reacts to legislation and to other topics referred by the Conference constituent groups or committees related to the student-athlete experience.

## Achievement

The MWC has produced 595 All-America selections among its 19 sponsored sports in the last 11 years, including a league-record 53 All-America honorees in 2004-05. A total of 110 MWC student-athletes have also earned Academic All-America accolades in that span, while 34 MWC student-athletes have earned NCAA Postgraduate Scholarships. The MWC has sent at least 30 teams to NCAA post-season events each of the past 11 years. Mountain West teams have captured three NCAA team championships over the last 11 years, with BYU claiming three national titles in women's cross country. Additionally, the MWC has produced 24 NCAA individual national champions in the sports of men's golf, indoor track and field and outdoor track and field.

MWC members have participated in 41 bowl games in 11 years, led by Utah's 9-0 mark in postseason contests. The MWC has earned 50 postseason bids in men's basketball, including 26 NCAA Tournament appearances and two NIT Final Four berths. MWC women's basketball has tallied 51 postseason bids, including 29 NCAA bids, five Sweet 16 appearances and one Elite Eight berth since 2000. Wyoming won the MWC's first WNIT championship in 2007 with a win over Wisconsin. In women's volleyball, the MWC has had 31 NCAA bids with eight Sweet 16 berths and one Elite Eight appearance. Women's soccer has earned 23 NCAA bids since 1999, with BYU advancing to the Sweet 16 in 2000 and the Elite Eight in 2003. MWC men's golf has had at least four representatives in each of the last 11 NCAA Golf Regionals, while women's tennis has had at least two teams participate in NCAA Regionals each of the last 10 years.
